Dear Mike:

You've previously assisted me with this annual request, and I'm hoping that you can help again.

Our office is responsible for contacting residential facilities that house students that would meet the definition of Neglected or Delinquent in order to determine the state of Ohio's allocation amount for Title I Part D. The definitions used to determine if an institution can report data for this child count are:

- **An Institution for Neglected Children** – a public or private residential facility (not a foster home) operated primarily for the care of children committed to the institution, or voluntarily placed in the institution under applicable State law, because of abandonment by, or neglect by, or death of parents or guardians.
- **An Institution for Delinquent Children** – a public or private residential facility (not a foster home) operated primarily for the care of children adjudicated delinquent or in need of supervision.

Your agency provided a listing of institutions that were contacted last year (see attached). Please verify/update information on the institutions that your agency licenses, noting any changes such as closed institutions, additional institutions meeting the definition of Neglected or Delinquent, or personnel/contact changes. For purposes of the child count survey, it is very important that we have an up-to-date contact e-mail address for each institution.

On the attached spreadsheet, please highlight changes in **green**; **send corrections by 10/29/18** to Karen Auble at karen.auble@education.ohio.gov or call 614-995-5928.

If there is someone else at your agency that should be included on this e-mail, please share it with them.

If you have any questions, please feel free to contact me.

Best,
Karen
